1f1998f Zihyin Thu Oct 17 21:42:39 2024 +0800 W06-P4: Show 4~6 blogs in a row with media query. You need to determine the min-width for each

The screenshot shows a GitHub repository interface for the branch 'master'. At the top, there's a search bar with placeholder text 'Type / to search' and several navigation icons. Below the header, a navigation bar includes links for 'Code', 'Issues', 'Pull requests', 'Actions', 'Projects', 'Wiki', 'Security', 'Insights', and 'Settings'. The main section is titled 'Commits' and displays a list of recent commits:

- W06-P4: Show 4~6 blogs in a row with media query. You need to determine the min-width for each**
zihyinhsu committed 1 minute ago
- W06-P3: Show 3 blogs in a row with media query min-width: 800px**
zihyinhsu committed 10 minutes ago
- W06-P2: Show 2 blogs in a row with media query min-width: 550px**
zihyinhsu committed 12 minutes ago
- W06-P1: Create a blog, using html and css as specified**
zihyinhsu committed 1 hour ago

At the bottom of the commit list, there are filters for 'All users' and 'All time'.
